

Title:
Title

Jose Alejandro Montana Cortes

Universidad de los Andes
Faculty of Science, Department of Physics
Bogotá, Colombia
2017

Title:
Title

Jose Alejandro Montana Cortes

Supervisor:

Alonso Botero Mejia

A thesis submitted in fulfilment of the requirements for the degree of:

Master's Degree in Physics

In the research group of:

Quantum Mechanics and Information Theory

Universidad De Los Andes
Faculty of Science , Departament of Physics
Bogotá, Colombia
2020

“Put a quote”

Abstract

I think the abstract is going to be the last thing i am going to write

Key Words: Lindblad equation, Quantum trajectories, Work, Heat..

Acknowledgments

Content

Abstract	v
1 Thermalization in isolated Quantum systems	1
1.1 Introduction	1
Bibliography	2

Chapter 1

Thermalization in isolated Quantum systems

1.1 Introduction
